

Puzzle

SELECTION

20/20

Two letters have already been placed in this grid. Now enter the other 18 given letters to form a rectangle of words, four reading across and five reading down. Each of the letters must take its place in the column or row against which it appears. So the letter *I* may only appear in the second column, and the letter *W* only in the first row.

	M	M	E	M	R	
W						
A		R				
S						
D				N		
	S	I	R	A	A
