

Sumdoku

Like a standard Su-doku, each column and each row and each 3x3 block must contain the numbers 1 to 9 exactly once. The difference here though is that a Sumdoku contains shapes marked by a dotted line. All the digits in a shape must add up to the total in the top corner of that shape.

9		9		14	9	3	12	3
20			9		14			
2	9			6			17	11
10		16			7			
5		8	17			9	6	
11	17	4		6	15		10	
		18			13	3		9
10	12			12		12		
		4	1		10		13
